GOLF IT!

R&A

WELCOME

Russell Smith
General Manager Golf It!

Golf It! is at the heart of our local community - and that community is the heart of our entire ethos.

We are here to entertain families, provide fun activities, and make golf the game of the people, accessible to all, just like it was in the early days. But we are also here for something even more important: To give a future to people who may not see one.

To get kids and adults alike outside and into the fresh air, improving fitness and mental health at the same time.

To help those who need it, to support initiatives to steer young people in the right direction, and to provide freshly grown produce from our gardens to groups who can use it. And to be a place where all are welcome, where we teach about nature, growing food, sustainability, and looking after our world and each other.

For me, Golf It! is a community hub first and foremost - that's the key. And we couldn't do any of it without our incredible volunteers who give us their time. In return, we give them skills, socialising, pride, self-esteem, a sense of community and just maybe, a change in direction or a new goal to focus on in their future lives.

That is what Golf It! is all about.
